

# Inline Marks

A paragraph carrying a `codespan` chip, a highlighted phrase, the formula for water H<sub>2</sub>O, the mass-energy relation  $E = mc^2$ , and a note of its own.<sup>[1]</sup>

Press `Ctrl` + `F` to search the open file.

Premature optimization is the root of all evil.

— Donald Knuth, The Art of Computer Programming

---

[1] The note itself, set at the footnote size the theme gives it.
